By A.A. Belisle

MILLBURY - How much wood would Millbury chuck if Millbury could chuck wood? With the shredder recently demonstrated at the Highway Department garage, about 450,000 cubic yards a day. The machine, which was first manufactured in Denmark, is being sold in the United States by Continental Biomass Industries, of Salem, New Hampshire.

At the invitation of Millbury Highway Surveyor Joe Chase, representatives from communities surrounding Worcester were invited to a demonstration of the shredder on March 23. "Getting rid of stumps and butt logs is a problem for all Central Massachusetts," Chase said. "You just can't get rid of them anymore, so this machine is a solution to the problem."

Chase said that the half million dollar price tag attached to the machine would not make it feasible for one community to purchase it. He also said that he would like to investigate the possibility of the Wheelabrator incinerator plant purchasing the machine. "All the towns would be able to go up (to Wheelabrator) and get rid of all these problems they've got," Chase said.

While the $500,000 price tag may make the cost prohibitive for any small town, a $3,000-$3,200 rental fee per day is an option. "It sounds like a lot," Chase said, "but someone here (at the demonstration) was just telling me about one town that will take your stumps and butt logs and bury them, but it costs $500-$800 a trailer load. We had about four trailer loads here so that's about $2,000 right there; so it's not that expensive."

Continental Biomass Representative Anders Ragnarsson also recommended the rental option. "It really isn't suitable for a town to buy one," he said. "They've got to go in together with maybe five or six towns, you need such tremendous volume to keep one of these busy. I haven't seen one town yet that can produce that. So it makes more sense to hire the service on an as needed basis. Most towns have a town landfill but they have, up to now, kept burying the stuff. If they use the landfills they have and pile this material up, then we come in and process it and remove it from the landfill and the landfill will never grow again. Not from wood waste."

Chase explained that it would probably take anywhere from a few days to a week to handle all the butt logs and stumps from surrounding towns. "The towns could pay to rent it, and the host community could probably have it for nil. I think it would be worth our (Millbury's) while, and the general public could take the firewood. It's going to dry out fast so it's very usable."

Despite the size of the machine, it operates relatively quietly. "You could run this in a neighborhood if you had to," Chase said.

Chase explained that the availability of a solution to the butt and stump problem could also eliminate illegal burying. "A contractor that's going out, for example, putting in a new project, is burying the stumps illegally. In 20 years, you've got a problem because they rot. This way, you can use it for firewood to solve the problem."

Ragnarsson, who, coincidentally, could play the role of Paul Bunyan in any movie, explained how his company got started in the shredding business."There weren't any machines to grind stumps, so we had a little company fixing backhoes, excavators and we started to play around with it and the concept was shown to be right. There were a lot of people who expressed an interest in buying so we no longer fix excavators, we now build these."

CHRONICLE photos by James LeClaire

While the shredder demonstrated in Millbury is the only one available in the United States at this time, that will change shortly. "We have no others to sell right now," Ragnarsson said. "We're going to keep this as a demo and rent it out to towns around here and will start to manufacture them in the U.S. The first one should be out of the shop in June." The "shop" is a Rome Industries plant located in Georgia.

Ragnarsson went on to explain that, in Europe, the wood by-products from the shredder are useful for incinerators plants. "We usually wholesale to the incinerator plants. When they burn municipal garbage, if you can mix wood fiber, the more wood fiber, the better it burns. The higher temperature you get in the garbage burning process, the cleaner the smoke gets. We can't deliver enough wood waste to them. The paper industry and the lumber industry utilize so much of the tree there is no wood fiber left for the garbage burning plants. So it worked out good because stumps aren't really suitable for anything else than to grind up. So we have a great demand for the product." The machine is currently in use in Austria, Switzerland, West Germany, Holland, Belgium, Denmark, and Sweden.

We The People...

Call for Reassessment of Priorities

To the Editor:

"I don't care if they found machine guns and bombs and narcotics. I'm still concerned about the property and the way it was left."

This statement made by our Representative, Paul Kollios, followed a drug raid on an apartment in our town conducted by local and regional police officers. Appalling!! The use and proliferation of drugs and the inherent dangers to our society and most especially our children, is, we are told, considered to be the number one concern of the American people.

While we decry, abhor, postulate and fear this scourge, it is the police officer who is out there in the streets, putting his life on the line every day in an attempt to halt this menace.

At every turn, he encounters obstacles, barriers put in place, not so much by the criminals, but by the bureaucracy.

To Wit: the Miranda Law (the innocent don't need it; the criminals know it by heart.)

No death penalty for convicted drug dealers, even when a police officer is murdered. This is Massachusetts where an overwhelming vote (via referendum) is totally ignored by a governor whose personal view takes precedence over the wishes of the majority of Massachusetts citizens.

The police are outgunned (mustn't upset the N.R.A.). Note: a police officer is murdered every 57 minutes in this country, mostly drug related.

A thorough and thoughtful reading of all of the interviews conducted by the Millbury-Sutton Chronicle would, I believe, lead one to conclude that the police acted properly, given the lengths to which a drug dealer will go in order to avoid detection.

Sympathy to Mr. Morello, yet another victim, but a victim of the pervasive drug culture and not of the police.

Rep. Kollios' suggestion for state funding for clean-up is nothing short of laughable. The state has no funds, is deeply in debt and has to borrow once again to pay it's own bills. Our representative, I contend, contributed to the problem when last August he took the house floor and argued forcefully against calling the House back into session to deal with the mounting fiscal crisis, an action that is now costing us dearly. The best interests of the people of the district were sacrificed to political ambition and Presidential Politics.

Perhaps we could ask for volunteers to clean up the drug houses and count our blessings that machine guns and bombs were not found, because they might not be dealing with clutter, but with the lifeblood of our police officers.

Accolades to the Millbury Police Department and to the Millbury Board of Selectmen for supporting them, and the hope that Rep. Kollios will reassess his priorities. If Mr. Kollios does indeed represent your views, let him know; if he does not, let him know.

Catherine Marchand
Millbury

Thank You...

We wish to thank all who participated in the services for our son and brother, Lt. Clarence I. Alger.

So many came to express their condolences and respect for his many years of service to the Town.

Special thanks to the law enforcement officers who attended.

All the expressions of sympathy and love were deeply appreciated. It helped to alleviate the pain and loss.

Also, thanks to the police that had lunch for all the people at the Dudley Gendron Post in Sutton and to Carrie's Restaurant in Sutton for the food they gave to have at home.

Thank you all.
Carlo and Ann Rano, Mother and Father
William Bennes, Brother
Vivian Bernard, Sister

Millbury Selectmen's Meeting Digest

Board Hears Update from Highway Surveyor

By Edward J. Cooney

MILLBURY - The March 21 Selectmen's meeting began at 7:00 p.m. with a call to order by Chairman Jude Cristo. Minutes for March 7 and 14 were approved on a 4-0 vote.

Dog Complaint

Administrative Assistant Earle Chase reported that a dog complaint was received from Mrs. Burke on Beach Street who reported that one of her small animals was recently killed. Chase said that the dog officer visited the area and found the dog in question penned or leashed. He noted that a complaint was called in to the police department last Saturday and one other day.

Cristo noted as well that the dog officer has to see the dog not penned or leashed. He suggested that Mrs. Burke also be advised that her small animals need to be fenced in.

Police Business

At 7:16, Provisional Police Chief Ron Stokowski met briefly with the board. He requested approval to hire Nancy Turpin of Grafton for the position of part time dispatcher, rape investigator, matron and special police officer. He said Turpin's background and training were excellent. The board concurred on a 4-0 vote.

Chase reported that the Governor's Alliance Against Drugs encourages boards of selectmen, school departments, and police departments to work together to designate areas around schools as "drug free zones." Stokowski noted that no money was forthcoming from the state, but said some funds might be available for sign posting.

Cristo asked, "Shouldn't everything be a drug free zone?" Stokowski replied, "Yes. I like the way you put it." He also told the board that he had received a call from the Superintendent of Schools, Dr. Alfred Sylvia, who said he wanted to get together to work on the concept.

Request from Rep. Kollios

Chase informed the board that a communication had been received from state Rep. Paul Kollios concerning his attendance at the March 28 meeting. Clerk Donald Gauthier read the letter: "This will confirm my phone call to Earl Chase requesting agenda time on Tuesday, March 28 at 7:00 p.m. to discuss in general, policies and liabilities of drug task forces, such as our Middle District Task Force. My only other concern is the condition in which property is left after a search. I have no interest in the methodology of searches.

"In the event you can grant me time, please ask Chief Stokowski if he would like to be in attendance."

Stokowski replied that it appears Kollios would like to address the board not on the matter of the recent search at the Morello home, but on the operation of the Task Force. He went on to say that the Task Force is so organized as to be receptive to private citizens' complaints.

Lachance responded, "We joined in the Task Force. I don't see why anyone comes in and advises us as to how to handle the Task Force. We don't know, even though we are commissioners, what is happening. We leave it up to the Chief. Let Rep. Kollios talk to the Task Force. We don't want to get into politics with the Task Force."

Both Cristo and Selectman John Donnelly agreed with Lachance. Cristo noted that Kollios represents Auburn as well, which is also in the Task Force.

Lachance continued, "We don't establish guidelines. We don't tell you (Stokowski) how to run it. No one is going to come in here and tell me to tell you how to run the Task Force."

Donnelly suggested that Kollios be referred to the Task Force. Cristo asked Chase to send a letter to Kollios indicating it may be more appropriate to meet with the chiefs who comprise the Task Force.

Report from Highway Surveyor

At 7:30 p.m., Highway Surveyor Joe Chase met with the board to receive approval for Chapter 90 funds which were approved 3-0-1, abstention by Donnelly.

Chase told the board that that would complete reimbursement for Chapter 90 funds but other funds would be forthcoming under a new Chapter 15 with an allocation of $77,000 for Millbury and another $70,000 in June.

Chase then invited the board to a March 23rd demonstration of a shredder that is just being introduced in this country. The machine is capable of shredding butt logs for fire wood. He asked for the board's approval to use butt logs still standing in town for the demonstration.

Joe Chase said that Matt Gardner volunteered to assist in removing the butts and that the tree warden provided a list of butt trees still standing.

The board approved Chase's request on a 4-0 vote.

Donnelly told Joe Chase that the town could take granite curbing being removed from Rte. 9 if he (Chase) could get a couple of trucks to the job for loading. Chase had previously told the board that he would like to stockpile granite curbing for future use. The town has opted to add an addenda to the Millbury Avenue Reconstruction Project to allow Chase to remove granite curbing presently at Millbury Avenue before reconstruction work begins.

Joe Chase also informed the board that the town's gas tanks are to be tested April 1st and that money for testing is refundable from the state.

He then reported that the town could get a grant to itemize and inventory its road system in order to develop priorities. He said that the state would assist in setting up the system

from Page 3

but the town would have to maintain if after that.

Cable T.V. Advisory Committee

At 7:45, Cable T.V. Advisory Committee volunteer Frank Irr was present to speak to the board concerning his interest in joining the advisory committee. Irr said that he was the owner of three businesses and that he had both the time and interest in serving. He emphasized that he has an interest in cable T.V. and sees the possibility of needed changes.

Advisory Committee Chairwoman Maureen Belsito asked Irr if he could make a four year commitment with monthly meetings since the town would be involved in renewing Cable T.V. contracts over the next several years.

Irr replied that he saw no problem with making that commitment and received the appointment on a 4-0 vote.

In a related matter, Belsito reported that Stowe Road would be wired for cable this summer.

Appointments

Under appointments, Conservation Commission Chairman Richard Luikey reported that his board finds Blanche Bergeron an acceptable candidate for a vacancy on the commission. The board opted to have her come in next week for an interview.

The board put off voting for an appointment to the Youth Commission. There are two interested parties.

Prop. 2 1/2 Override

Lachance asked the board to consider the placement of an override of Proposition 2/12 for this year's town meeting deliberations on budgets. He said he was not in favor of an override but considered it an option for the people. "We have to consider that for our protection. There haven't been any cuts in any budgets. We don't know how much money we have," he said.

Board members agreed to discuss the issue later in the evening.

Insurance Coverage

Lachance suggested that the board consider a policy which would state that non-compensated newly elected officials would not be entitled to insurance coverage. Those already elected would be grandfathered in. Lachance noted that such a policy might have some effect on the elections.

The board approved on a 3-0-1 vote, with Cristo abstaining. The board instructed Earle Chase to check on the legality of the policy with Town Counsel.

Health Program

At 8:00 p.m., the board met with Ellen Thompson of the Massachusetts Department of Public Health and Ann Campbell, representing the District Nursing Society.

Thompson asked the board for their support of a Health Promotion Program to be held on Saturday, April 15, from 10 a.m. to 3 p.m. at the V.F.W. She noted that the program would focus on the three leading causes of death and disability: heart, cancer, and stroke.

Bids

Bids for the HVAC system at the Town Hall ranged from $88,895 to $127,000. According to Earle Chase, the low bid was submitted by Paragon Plumbing. The board took no action on the low bid as the amount of money in the article approved at town meeting was only $80,000. The board voted 3-1 to seek a transfer of funds through the finance committee and to use the article prepared for the upcoming town meeting as an option. Lachance voted against seeking a transfer.

Building Inspector's Position

On a 4-0 vote, the board agreed to support a grant for funding a full time building inspector as presented by Town Planner Dave Hulseberg. Hulseberg suggested that it would be advantageous for the town to proceed to seek grant funds even if there are none available this year. He said it would signal the state that the town is seeking to expand the position, which could place the town high on the waiting list.

If the grant is approved and funded, the state would pay 75% the 1st year towards the salary, 50% the second year, and 25% the third year. The town would pick up the complete salary the fourth year.

Himmer Ambulance

At Lachance's request, the board voted 4-0 to ask Himmer Ambulance Service for a listing of calls logged for service that originated in Millbury and a listing of calls and service coming out of Millbury. Lachance said that it appears to him, in listening to the "squash box," that several calls are serviced out of Worcester. He questioned why most calls were not serviced out of the garage on River Street in Millbury.

School Department Voucher

Lachance asked that a voucher from the School Department for a hot and cold buffet for 65 people be held until an explanation is received. He noted that the voucher had no explanation but showed a $438.75 total. The board concurred with Lachance.

Board Reviews Pending Subdivision Plans

SUTTON-The Sutton Planning Board met twice during the month of March, once on the 6th and again on the 20th in the Sutton Municipal Center for their regularly scheduled meetings. March has been a relatively quiet month in Sutton with no new subdivision plans submitted. However, the Board did consider a number of pending subdivision plans and some minor site plans.

Merrill Road

At the March 6 meeting, the Planning Board reviewed mail and the minutes from the previous meeting before Bill Renaud addressed the Board regarding the release of two bonds on Merrill Road and Cold Brook Estates of $35,000 and $25,000, respectively. Renaud submitted a letter from consulting engineer Mike Burke regarding the amount of work completed and yet to be done.

Town Engineer Dick Wharton then submitted his written comments to the Board which Craig Ferrell read before the audience. Concern was raised over the construction of the culverts at the bottom of the road and the corner rounding, which causes poor site distance and, according to the Town Engineer, may not meet town specifications.

Wharton was also concerned that the "as built" plans had not been submitted. Renaud briefly addressed the concerns raised by the Town Engineer and offered to meet on site to review work already completed and discuss solutions to some of the existing construction concerns. The Planning Board authorized Wharton to review the necessary work to be done and submit a re-estimated bond reduction figure for Merrill Road.

Stockwell Park Industrial Subdivision

Developer Frank Noel and surveyor Dave Lavallee presented preliminary plans for an industrial subdivision on property off Route 146 behind Gurney Engineering. The subdivision would include about 15 lots and would access Route 146 through an old town road (presently referred to as Fayette Road).

Currently, Fayette Road is located entirely within the abutting R-1 District and would require a zoning map change to be utilized for industrial purposes. The Planning Board has submitted a warrant Article for the Spring Town Meeting that would expand the Industrial District to include Fayette Road.

The Planning Board and Noel further discussed the possibility of running a service road across abutting industrially zoned property and tying in with Pleasant Valley Road. This would prevent traffic from entering directly onto Route 146 and would instead send it into the Boston Road intersection, providing a safer and more convenient route.

Noel also proposed the possibility of using a cluster type design for the industrial park to reduce the amount of infrastructure and preserve much of the open space on site. The Board was very receptive to this ideas and is in fact working with the Town Planner to develop a commercial/industrial open space by-law. Noel will wait until after Town Meeting before submitting any definitive plans for the industrial project.

Masiello Site Plan

On the 6th, a site plan was submitted for an expansion of a T.B.V., Inc. building at the corner of Route 146 and Harback Road. The plan calls for a 30' by 180' building addition and new paving over an existing gravel parking lot. Minimal site work is necessary for the expansion.

At the March 20th meeting, the Planning Board approved the site plan contingent on parallel parking being moved from the side of the building to a banking and provided that all requirements made by the Conservation Commission are effectively met.

Tournament Hills

At the March 20th meeting, the Planning Board continued its review of the definitive plan for the proposed Tournament Hills Subdivision. This development proposes 47 new homes off Armsby Road and Boston Road.

Developers Venincasa and Kasierski, and their project engineer, Greg Valiton, discussed the lack of sewer capacity to serve the subdivision. With the deadline for a decision on the plan hanging over the Planning Board, they discussed their options regarding action to be taken. The Board indicated that they would need an indication from the Sewer Commission that capacity is currently available before taking action on the plan.

At this point, Martin Linder of the Sewer Commission and Town Administrator Dexter Blois entered the discussion. Linder said that the Sewer Commission would submit a letter to the Planning Board regarding the current capacity of the system. If public sewer capacity is not sufficient, an option would be the submission of a revised plan bringing public water to the subdivision and using on-site septic systems instead.

Other concerns raised by the Planning Board and other town officials were the increased traffic and poor visibility at Armsby and Boston Roads, and the placement of detention basins on three of the lots that are proposed for building. The developers suggested that the Board should wait until the lots and detention basins are built and have site inspections to decide what kind of fencing, if any, should go around the basins.

After about an hour and a half of discussion, Kasierski granted the Board an extension until March 28 so that the Board could further evaluate concerns over the project, particularly the question of public sewer capacity.

April Highlights

Come celebrate the Millbury Public Library's 125th Birthday on April 11, from 6:30 to 8:00 p.m.

SIGN DEDICATION: rain or shine, the Trustees and Friends of the Millbury Public Library will unveil the library's new sign. A brief dedication ceremony will take place with special guests Sen. John Houston, Rep. Paul Kollios, and Selectman Jude Cristo. This new sign is a gift from the Friends of the Millbury Public Library.

RECEPTION: immediately following the dedication, the community is invited to a gala reception. Steel magnate Andrew Carnegie (Clement Corey), who donated the money for the library's building back in 1915 along with Millbury's own Delia Torrey (Grace Laflash), the donator of the land the library is built on, will help host the event. The finest of food and drink donated by many of Millbury's businesses will be served, along with many homemade offerings. It promises to be an evening to meet and mingle with neighbors and long-time library friends.

NIGHT TIME STORY HOUR: just for kids - the library has prepared a special night time story hour to be held at 6:45. Children's Librarian, Elaine Loehmann, will enchant her young listeners with selections of stories for them to dream about. Bedtime attired suggested.

COMMUNITY ART EXHIBIT OPENING: on this same evening, the library will open the third in its series of community art exhibits. This juried art exhibit will feature the works of some of the finest artists in Millbury and the surrounding area. Funds for this project were made available from the Massachusetts Arts Lottery, administered through the Millbury Arts Council.

BASEBALL CARD SWAP: April 13 from 3:30 to 4:30. We invite Millbury's young baseball card collectors to the library for our first baseball card swap. This program is sponsored by the Library's Youth Advisory Council.

SCHOOL VACATION SPECIALS: watch for our special school vacation activities to be held during school vacation week, April 17-21.

STORY HOUR REGISTRATION: April 25-28, sign up for one of our two story hours that will start in May. Story hour is held on Wednesday and Thursday, 10:30 to 11:30.

MOTHER'S DAY PRESENT WORKSHOP: April 27, from 3:30 to 4:30. Make a special present to give Mom on Mother's Day.

Author to Address Millbury Woman's Club

MILLBURY - The Millbury Woman's Club will hold its monthly meeting at the First Congregational Church, West Main Street, on April 3. There will be a luncheon at noon, followed by a brief business meeting. After the meeting, the Club will present their guest speaker, Gerard E. Goggins.

Goggins is the author of ***Half-Wits***, a novel recently published by Sheed & Ward. In a review for the Wall Street Journal, M. Scott Peck, author of the best-selling ***People of the Lie*** and ***The Road Less Traveled***, called ***Half-Wits*** a significant book on the subject of human evil. "***Half-Wits***, Peck said, "presents complex realities in a highly readable, suspenseful dramatic form." Best-selling author Andrew Greeley wrote to Sheed & Ward, "I read ***Half-Wits*** and enjoyed it very much. It's an impressive beginning in your attempt to recover the old tradition of publishing fiction."

Goggins was born and brought up on Long Island. He came to Massachusetts to attend

Assumption College, where he majored in English Literature. He later received a master's degree in English from Boston College.

He has worked for the Telegram and Gazette for almost 25 years. In that time, he has been a political reporter and columnist, and opera and theater reviewer. He is now the City Editor of the Gazette.

Pancake Breakfast

MILLBURY - The Men's Club of Our Lady of the Assumption Parish will hold it's 7th annual Pancake Breakfast on Sunday, April 9, from 7 a.m. to 11:30 a.m. in the parish hall, 16 Waters Street.

The menu for the breakfast will consist of the following: pancakes or eggs, sausage, orange juice, coffee, milk, and tea (with seconds on the house). Baked goods will also be sold.

The donation is $2.50 for adults and $1.25 for children.

Millbury Historical Society

MILLBURY - Members of the Millbury Historical Society will attend the meeting of the West Millbury Social Union on April 5 at 8:00 p.m. The two groups plan to discuss plans for the West Millbury School.

SHREDDER

from Page 1

"Here in the United States," Ragnarsson continued, "the incinerator plants want chips. There aren't many machines that can take a stump full of rocks. So we do that and then we separate the rocks and the dirt and we get a clean wood product that you can send to a hammer mill and get whatever chips the incinerator demands."

Ragnarsson was asked if his company is targeting mainly those communities with access to incinerators. "No. I go where they produce the material. There was a lot of maple tress planted in the early 1900's; they are now dying out. The only thing you can do with butt logs is tie them up and pretend they don't exist. There's no means to get rid of them. This machine will take those butt logs and make a useful product out of them."

Ragnarsson explained that the 19 inch blades on the machine can handle any type of wood. "All woods are pretty much the same. Pine goes through a little bit faster since it's softer, but we can put a car in there and it will shred it. Tires, white metals, demolition waste, concrete blocks, bricks, that will all go through."

Despite the size of the machine, Ragnarsson explained that it is still somewhat flexible. "It can be mounted stationary at an incinerator plant, or it can be mounted on a trailer, or you can mount it on tracks if you want to go out in the woods."

Replying to a question on maintenance, Ragnarsson said, "Every 500 hours we have to change the main bearings, every 700-800 hours we've got to flip the cutter bars; we have 56,000 running hours on the 18 machines that are built and we have not yet changed one light." A service crew will be based in Georgia for back up on the machines. "All the parts you can buy over the counter in the U.S.," Ragnarsson said.

In setting up the demonstration, Joe Chase arranged for Millbury to receive four free hours of shredding time. Nice going, Joe!

Easter "Bonnie"

SUTTON - Alex Scricco, son of Matt and Linda Scricco, gave Sutton's Easter Bunny, Bonny MacCollom, a list of the tasty treats he fully expected to find on Easter morning. The Easter "Bonny" showed up for the Sutton PTA Flea Market and Bake Sale held on March 18 at the Sutton Elementary School.

125th Birthday Celebration

MILLBURY - On April 11, there will be a birthday celebration at the Millbury Public Library, beginning at 6:30 p.m. The Trustees and Friends of the Library extend an invitation to all townspeople and interested persons to attend the sign dedication, the opening of the Professional Community Art Show, and the reception.

The juried art show will include the works of artists from Millbury and surrounding communities. These will remain on display through April 22.

Fidelity Co-operative Holds Annual Meeting

FITCHBURG - Francis M. Metterville, President of Fidelity Co-operative Bank, reported at the Bank's Annual Meeting that its 101st year has been one of positive growth, with assets of the Bank surpassing its Centennial goal of $100 million, while extending in excess of $15 million in mortgage loans.

"Reserves of the Bank currently stand at $8.5 million," Metterville said, "reflecting the continued position of Fidelity as one of the strongest banking institutions in Massachusetts. Awareness of the Bank's strong reserves, in addition to insurance of deposits up to $100,000 by the Federal Deposit Insurance Corporation, and insurance of deposits in excess of that amount by the Share Insurance Fund, has given depositors confidence regarding the safety and security of their funds.

"Several factors have contributed to the substantial number of mortgage loans granted," Metterville continued, "the most attractive to mortgage borrowers being the elimination of points on mortgage loans. Recognizing the substantial costs incurred by borrowers when purchasing or refinancing a home, and in keeping with the bank's philosophy of making home ownership affordable, Bank management selected to eliminate the payment of points on most real estate transactions. This policy has stimulated a substantial number of new loans in recent months. Mortgage activity has also been bolstered by the development of a bi-weekly mortgage and the expansion of the Bank's convertible mortgage program to include a 3-year adjustable rate product with a fixed rate conversion option."

Metterville said that Fidelity Co-operative Bank has always been sensitive to the needs of the various communities served with regard to loans for educational purposes, as evidenced by the significant number of student loans extended during the past several years.

To further enhance this program, Metterville explained that the bank has recently entered into an agreement with the Massachusetts Higher Education Assistance Corporation to offer Plus Loans, federally guaranteed loans which are available to parents of dependent undergraduate and graduate students to help meet the costs of post-secondary education.

"We have every expectation that the next twelve months will be a banner year for Fidelity," Metterville said, "both in savings growth and mortgage lending, and most importantly, reserves."

Metterville also announced the recent appointment of Grace Hodgdon as Manager of the Millbury Office, and the appointment of Marylou Mitchell as Mortgage Officer for the Millbury and Leominster market areas. Mrs. Hodgdon has been

GRACE HODGDON

employed by the Bank since December, 1983, and was promoted to the position of Assistant Manager of the Millbury Office in July, 1984. A 1969 graduate of Portsmouth High School, and a member of the Young Executive's Club of Massachusetts, she resides in Millbury with her husband Stanley and their two children. Miss Mitchell began her banking career with Fidelity in July, 1984 as a teller, and was promoted to Assistant Manager of the Gardner Office in January, 1987. A 1983 graduate of Millbury

MARYLOU MITCHELL

Memorial High School, she is an honor graduate of Dudley Hall Career Institute where she studied Business Administration, and has taken various banking related courses at the American Institute of Banking. She is a member of the Young Executive's Club of Massachusetts and has served as a United Way volunteer.

Shareholders of the Bank, at their Annual Meeting held in March, re-elected Theodore M. Nikitas and Dorothy A. Driscoll of Leominster, Henry J. Masciarelli of Fitchburg, and Raymond J. Robichaud of Gardner to the Bank's Board of Directors for three year terms, and Mary M. Leary of Ashburnham as Clerk of the Corporation for one year.

Officers of the Bank, who were re-elected to new one year terms are: Mr. Metterville, President; Joseph L. DiConza, Senior Vice President and Treasurer; Armand H. Lapierre, Vice President; Mrs. Leary, Thomas A. Carter, Richard J. Williams, and Linda M. Hietala as Assistant Vice Presidents; and Helen O'Connor, Betty G. Bjurling and Debra Pochini as Assistant Treasurer.

Advisory Directors serving the Millbury area are: Frederick J. Aspinwall, Richard J. Dwinell, John W. Fellows, Wallace E. Johnson, John H. Gaucher, and Paul A. Turgeon.

School Committee Holds Service Awards Dinner

MILLBURY - On Tuesday, March 14, the Millbury School Committee honored 47 staff members who have completed 15 or more years of service to the Millbury Public Schools.

The School Committee awarded pins to administrators, teachers, secretaries, cafeteria workers and custodians for their loyalty, dedication and their many contributions to provide the best possible experiences and programs for Millbury students. Chester P. Hanratty, Jr., Chairman of the School Committee, complimented the staff for their many years of service and each award recipient was acknowledged by School Committee members.

Rocco Bruno and members of the High School band provided music before and after dinner. Hanratty and Dr. Alfred J. Sylvia, Superintendent of Schools, both acknowledged their appreciation to the staff for their years of outstanding service. The award recipients are as follows:

15-19 YEARS
Mary Allard
Virginia Anderson
Maureen Baldino
Sharon Berridge
Janice Berthiaume
Karen Bouchard

Girl Scout Bottle Drive In Sutton

SUTTON - Sutton Cadette Troop 663 will hold a bottle drive on April 1 from 10 a.m. to 4 p.m. Residents are asked to place their bottles and cans at the end of their driveways for pick up by the Cadettes. Residents may also call 865-3210 or 476-2836 for pick up.

Blood Pressure Clinics

MILLBURY - The District Nursing Blood Pressure Clinics for the month of April are as follows:

Asa Waters Mansion, 123 Elm Street, April 4 from 8:30-11:00 a.m. and on April 11 from 9:30 to 11:30 a.m.

Centerview Apartments (residents only), April 20 from 1-2 p.m.

Colonial Apartments, Colonial Drive, April 27 from 1-2 p.m.

Linden Apartments, Pearl Street, April 19 from 1-2 p.m

Stuarts Department Store, 132 Worcester Street, No. Grafton, April 5 from 10 a.m. to noon.

All clinics are free and open to the public, except as noted. For more information, call 865-4373.

Rabies Clinic

MILLBURY - The Millbury Board of Health and the Animal Inspector will hold a Rabies Clinic for dogs and cats on Saturday, April 22, at the Elm Street Fire Station. Dogs will be taken from 11:00 a.m. to noon; cats from noon to 12;30 p.m. The cost for each will be $5.00.

Do not bring your dog and cat at the same time; they will be inoculated only during the above stated times. Animals must be restrained at all times.

Burning Permits

MILLBURY - The State's burning season runs from January 15 to May 1, conditions pending.

In view of a potential drought in the spring and summer, the State, or local communities, may shorten the burning season this year.

Applications for permits can be obtained on Saturdays at Fire Headquarters, Elm Street, from 9 a.m. to 1 p.m.

Community Art Show

MILLBURY - The Millbury Public Library and Friends of the Millbury Public Library will present a juried art show to include the works of artists from Millbury and surrounding communities.

The art show will open on April 11 and works will remain on display until April 22. A reception will be hosted by the Friends of the Millbury Public Library on Tuesday, April 11, between 6:30 and 8:00 p.m.

Military Whist

WORCESTER - Members of the Agenda Society and the Friendship Circle of Lake View Congregational Church, 115 Coburn Avenue, will hold a Military Whist Party in the church hall at 7:30 p.m. on Friday, April 7. Tickets are $2.00. Refreshments will be served. There will be prizes for high score and a number of attendance gifts. For further information, call 755-3591.

Shintaido Course

WORCESTER - The Worcester Girls Club at Lincoln House, 67 Lincoln Street, will offer Shintaido classes for children and adults this spring. Shintaido is a holistic, non-competitive program of individual and partner exercise. It is a balance of stretching and natural body movement based on classical Japanese martial arts.

Classes for girls in fourth grade and up are on Thursdays from 3:30-4:30 p.m.

Classes for adults are Tuesdays and Thursdays 6:30-8:15 p.m. For fee information, call 752-6075.

Girls Club Family Night

WORCESTER - The Worcester Girls Club will hold Family Night at Lincoln House, 67 Lincoln Street, on Wednesday, April 5 from 5:30-8:00 p.m.

There will be a dinner, followed by fun activities for young and old alike. The cost is $3.00 for adults and $1.50 for children.

HERE . . . THERE . . . EVERYWHERE

Bits 'n Pieces

. . . Joe Morin

Hi! Kids. A lot of hot air was prevalent, still is, since we last met, what with the Tower business and the Ayatollah episode! Nothing dull about what goes on on the planet Earth...

BUMPED into another reader of our column recently. Good grief! That makes four people we're sure of now who read our column. That's encouraging. Welcome aboard!...

REMEMBER Louie the Lip? Now we have Loretta the Lip! Yupp. In California, the screwy state, you may now go to a doctor for an injection to make your lips swell up! That's the craze now in that weird state! Puffed up and fatter lips. When will it all end?...

LIKED that comment from Sid McKeen on "Why running down the street every morning in sweats and sneakers is considered to be an intelligent way to start one's day!...**GOTTA** tell you this one. There was a business on Route 20 which manufactured caskets in the past, they diversified and are now making canoes! Imagine coming down the aisle in church in a canoe? Well, when you think about it, they are both modes of transportation. Cruising down the aisle on a Sunday afternoon, good grief!...

DOESN'T take much to knock cable t.v. off the air. A little wind, a little rain, gonzo! What a setup. We hear there are, or were, some openings on the cable committee. Here's your chance, folks, to do something about it! Let's stop complaining and get some action!...

A BIG ANNIVERSARY coming in Sutton! Yupp! St. Mark's Church on Boston Road will be celebrating its 25th anniversary as a Parish in Sutton. We remember the day they broke ground for the Church 25 years ago. Bishops Flanagan and Rueger will be officiating at a 25th Anniversary Mass on Sunday, April 23 at 11:30 a.m. There will be a brunch in the hall after the Mass. Many more events are scheduled for this 25th anniversary year. St. Mark's is quite a parish. Congratulations and many more!...

ON JOGGING! "I believe every human has a certain number of heartbeats. I don't intend to waste any of mine running around doing exercises!" - Neil Armstrong. How about that?...

"TREAT ME kindly, my beloved friend, for no heart in all the world is more grateful for kindness than the loving heart of me. Do not break my spirit with a stick, for though I might lick your hand between the blows, your patience and understanding will more quickly teach me the things you would have me learn. Speak to me often for your voice is the world's sweetest music, as you must know by the fierce wagging of my tail when your footstep falls upon my waiting ear...." When I first read this in "Abby's" column, I thought it was a husband talking to his wife. Nay, nay! It's a dog "talking" to his master! Good grief!...

HOW MANY of you guys out there were impressed with Sears' Big Price Reduction! There may have been some price reductions on items which never sold in the first place, but on items we were interested in, i.e. computers and software, nary a price break! A big publicity stunt, hoodwinking the public? Many have said, "Yes."

AT FIRST we had the State of the Union, then there was the State of the State, the State of the Dream, etc., etc., (Somewhere along the line we forgot the State of the Town.) How about the "State of the Poor Taxpayer!" There's one guy, one group nobody ever/never talks about; and without this guy there would be no Union, State, City, Town to talk about.

NEXT time you have a gripe with a TV station and the quality of the shows it's showing, write to the sponsors, not the station. You'll get a faster response. Even faster, turn to a different TV station....**BET** you didn't know that a Hippo can run

faster than man! How about that! And really, who cares?

SYMPATHY is extended to the family of Clarence Alger of Manchaug....Clarence was a kind man, a gentleman, a good friend to all who knew him; a good and understanding police officer; a credit to his family, his town, his office as Lieutenant on the force....He showed respect to others, they in turn reciprocated. He will be sorely missed by all who knew him. Wish that we had more of his type and caliber; it would be a better world all around. Peace be With You Lieutenant Alger.

POLITICIANS...Yupp, they're at it again! Now the Publicans are wanting to get even with the Demos for the job they did on Roly Poly Towers, you know that guy with the patent-leather hair piece! The Publicans want Jim Wright bad, he's the Speaker of the House, you know, that House where all those rich guys live! This in-House fighting has got to stop! Let's get on with earning your keep, you Bozos! Stop making fools of yourselves. You're starting to embarrass the American people....

OK, GUYS AND GALS! time to "Air it Out." Someone suggested that all residents of apartments and nursing homes in the Millbury vicinity have a "Let's Air It Out Parade!" Yupp! They said that they have been cooped up all winter and wish to air things

MORIN

from Page 10

out by having a parade down Elm Street. Sounds good! Do we have a Grand Marshal for this event?....**YOU MAY** not know when you're well off, but the IRS certainly does!....**HOW ABOUT THAT!** We hear that Worcester Center will be turned into condominiums and office space!...**EUROPEANS** aren't dumb! They refuse to buy our meat, too many chemicals sprayed on, injected in, consumed by our cattle! But our government says it's ok for us. I still am of the opinion that we have no idea what the heck we are eating; and what chemical is sprayed on, in, or under foods we consume. I call it "Potluck!"

SON TO Father: "When I grow up, Dad, I want to be exactly like you - except taller, smarter, thinner, richer, handsomer and happier!" How's them bunch of apples? Good Grief!

HOW MANY out there remember those flags that were put in windows of homes who had sons/daughter in the service. A star for each member of the family; gold star for one who died?...**I STILL** can see Mom outside in the yard with lace curtains, tacking them to a frame full of small tacks. I believe they were being stretched and dried....How about going down in the cellar, where the oil was stored, filling up the oil jug, back up the stairs and then turning it upside down in the rear of the stove....How many remember Metropolitan Cleaners and the Indian firing his arrow into the bull's eye there on Grafton Street in Worcester....And who can forget the long ice cream counter in Woolworth's on Front Street. It took the whole length of the store, room for everybody. We remember a Mrs. Kapusta, yupp, that was her real name; I called her Mrs. Cabbage. She got a kick out of that! That was the home of the real banana split!...Memories! Memories!...

THEY'RE ALL SET! Don't worry (and who is?) about the former Pres and Nancy. They're going to make out all right what with his pension, his $50,000 fee per scheduled speech, his multi-million dollar advance on his memoirs. Plus, Nancy is going to have a lot to blab about in her book. Did we ever have a "poor pres?"...**YOU WANNA** make a lot of big bucks? Make friends with politicians; there's a lot of money to be made out there on the state payrolls. I guess what they do is form a committee, allocate five million to the committee, minus 4 million for salaries, there you have it!

TRICKY Packaging! Bought a can of crabmeat (from Canada). The good stuff, so I thought. Opened the can, presented well with crab claws decorating the top. Beneath, all ground meat, mush meat I call it! Foiled again!...**NATIONAL** brand of canned goods tastes lousy! No wonder they don't give a brand name!...Haven't found a frozen pizza yet that was good!...**ON THE PLUS** side! Finally found a pizza place where cheese, extra sauce and bread are given with your spaghetti order. Little things like that will bring back customers....**OK** Kids, it's that time again.

We're going to put a cap on the words now, hope we gave you a little chuckle. Hang in there me buckoes, remember things could be much worse than they are. Let's all take one day at a time; trust in the Big guy up there! He must worry about us; he has cause to! Until then, we Bid You His Peace!

Your Friend,

Joe Morin

Night at the Movies to Feature "Fiddler on the Roof"

MILLBURY - The Millbury Woman's CLub will sponsor a "Night at the Movies" on April 10 at 7 p.m. The movie "Fiddler on the Roof" will be shown at the Elm Draughthouse Cinema on Elm Street. Tickets can be purchased from any member of the Woman's Club for a $4 donation. Tickets will also be sold at the door. If any additional information is needed, contact Mary Gustafson at 865-5615.

The profits from this event will go toward the Woman's Club Scholarship Fund. The Club has been awarding six scholarships yearly, totalling $3,000, to the youth of Millbury.

Winners of Teen Art Show

MILLBURY - The Millbury Public Library has announced the winners of the Teen Art Show: First Place, Frank Bengtson (Millbury High) for "Instrumental Still Life;" Second Place, Katherine Sikes (Millbury High) for "Fantasy Child: Self Portrait;" Third Place, Victor Raymond Grenon (Worcester Academy) for "Duesenberg"; Honorable Mention, Sandy Nikolajevs (Millbury High) "Resting."

The winners received record albums donated by WICN Radio, 9.5 FM.

The library would like to thank all the artists who submitted work for this exhibition. In addition, they would like to thank Gail Fairbanks, Kathy Williams, Michael Graves, WICN Radio, Mary Mulhane, and Helen White for their help in making this third annual Teen Art Show so successful.

Funds for this project were donated by the Massachusetts Arts Council, administered through the Millbury Arts Council. Additional funds came from the Friends of the Millbury Public Library.

Speech/Language Development Workshop

MILLBURY - A workshop on Speech/Language Development will be held at the Elmwood Street School on Thursday, April 6, from 6:45 to 9:15 p.m. The workshop will provide parents with information about the development of speech and language skills and the activities to be used to enhance these skills.

The presentation will address the speech and language development of children from preschool to Grade 1.

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

EASTER - Fair weather for Easter - signs of Spring in the air. Easter was named for Eostre, who was the Anglo-Saxon Goddess of the dawn. Her symbols were the hare, the lily, and the egg; her holiday was the first day of spring. Easter now occurs on the first Sunday after the first full moon after the vernal equinox. This time was agreed upon during the fourth century. The decision was for the benefit of travelers who needed the light of the full moon to speed them on their pilgrimages.

APRIL FOOL'S DAY - No one knows exactly where or when April Fool's Day began. In ancient Rome, it was on the date that Pluto stole Prospina from her mother and took her to the underworld. In India, Holi Festival is on this date, and it is a day for pranks. In Scotland, England, and France, tales of April Fool's Day go back almost as far as their histories.

CENTERVIEW - at Centerview, we have quite a few April birthdays. Congratulations to Lillian Anderson, Isabel Reed, Ray Lundin, Gerald Army, Helme Salois, Rosella Leclair and Doris Flagg. Best Wishes and Many Happy Returns!

COLONIAL - Best Wishes to Waldo (Dutchy) Goulet and Alice Cahill at Colonial Apartments, both are celebrating April birthdays. Best wishes to them and any others.

ST. BRIGID'S WOMEN'S CLUB - Members of the club, please note and make change in your program book: the Communion Supper and Annual meeting will take place at the Cocke'N Kettle following the Mass at 5:30 p.m. on Thursday, May 18. Choice of menu is Stuffed Boneless Breast of Chicken Supreme ($12.00) or Baked Stuffed Jumbo Shrimp ($16.00). Please try to make your reservation at the April 27 meeting.

Just a reminder, we still have Cookbooks to sell. They make a nice gift, for birthdays, showers....

MILLBURY ARTS COUNCIL - several applications were acted upon at the March meeting. Members please note: the next meeting of the Council is scheduled for April 3, 7:00 p.m., at the Town Hall.

WIT AND WISDOM

~ A year's opportunities depend on the spring; a day's, on the dawn; a family's, on harmony; and a life's on industry.

~ To fish in the stream of life, use wisdom as bait.

~ Sadness and gladness usually succeed each other.

~ Better to stop and make a net, than go to the stream and just wish for fishes.

~ A good heart is better than all the heads in the world.

A Fine Art

CHRONICLE photo by James LeClaire

MILLBURY - First graders at the Elmwood Street School and their art teacher, Karen Bouchard, watch Sturbridge Potter Rick Hamelin prepare a pit fire. Hamelin instructed students in all the art classes at the school on the fine art of pottery during a week-long series March 20-24.

Compensation for Electronic Boxes

Lachance requested that a Telephone Company representative be asked to come in to discuss compensation given to private citizens for allowing installation of electronic boxes on private property. The discussion was prompted by a letter received from R. Scola Company for installation of an electronic switching box on V.F.W. property. It was stated that a box located on West Main Street near the Congregational Church was as "huge as a refrigerator." The box is located on private property, and it was said that the person who owns the property was compensated $5,000.

Lachance said that other electronic boxes have been installed in town and questioned the possibility that one placed on Carleton Road might be on private property. He wondered if that person was also compensated.

No action was taken on the Scola request.

Walk-a-Thon

A request for a permit from the Sutton Camp Fire Girls for a walk-a-thon was referred to the Chief of Police for a recommendation.

Executive Session

The board voted unanimously to go into executive session to discuss negotiations and collective bargaining with the personnel board.

Following executive session, and prior to adjournment, the board voted to place an override option on the Town Warrant for consideration by voters.

A Message to the Customers of Massachusetts American Water Company

The 1986 Amendments to the Safe Drinking Water Act strengthened the monitoring requirements for 59 volatile organic compounds. These are substances such as cleaning solvents and gasoline which can pose a hazard if detected in water supplies over certain levels established by the federal and state government. The new law requires that 59 specific compounds be tested twice annually from well supplies and that the results be available to any interested customers. The Massachusetts American Water Company would like its customers to be aware that they have been conducting tests for these volatile organic compounds since 1979 when some Massachusetts well supplies were found to be contaminated. If you would like to discuss any of the results, contact Mark Dana at 865-0555.

Spaghetti Supper

WORCESTER - The second annual Spaghetti Supper sponsored by the Quinsigamond United Methodist Church, 9 Stebbins Street, will be held on April 8 from 5 to 7 p.m. The church is located behind the public library. Ticket prices are $5.00 for adults and $2.00 for children under the age of 12. Call 755-6237 for reservations.

QUEBEC CITY TRIP - $25 deposit due on Wednesday, April 20th.

Rep. Moore Honored by Mendon Police Association

MENDON - The Mendon Police Association recently honored State Rep. Richard T. Moore (D-Uxbridge) for his 12 years of service to the Town of Mendon by dedicating their 21st annual Policemen's Ball in his honor. Moore represented Mendon from 1977 to the beginning of this year when he lost the town as a result of court-mandated legislative redistricting.

Mendon Police Association President Joseph Bishop presented the veteran lawmaker with a plaque inscribed, "In appreciation to Richard T. Moore for your many years of dedicated service to the town of Mendon. The Mendon Police Association would like to take this opportunity to thank you and wish you the very best in the future." Moore responded that it was the first citation he ever received from a police officer that he could say he was honored to get.

In addition to the honors from the Police Association, Moore was presented with a Citation from the Massachusetts Senate "in recognition of twelve years of loyal and dedicated service to Mendon." The citation was presented by Assistant Senate Majority Whip Louis P. Bertonazzi (D-Milford) who praised his House colleague for his outstanding efforts to help the people of Mendon.

PLANNING

from Page 5

Aquatic Control Technology, Site Plan

At the March 20th meeting the Planning Board held a public hearing on a site plan for Aquatic Control Technology to be located in the Burnap Industrial Park on Route 146. Park developer Jack Virgilio and Chandler Smith of ACT presented the site plan for an industrial structure used for the storage and repair of mechanical lake and pond restoration equipment.

After reviewing the plan and comments submitted by the Town Planner, the Board recommended that an eight foot security fence be placed around the building for protection and to obstruct the view from the east front and south side of the building. The Board will review the site plan further and the applicant is scheduled to return at the April 10th Planning Board meeting.

Millbury Students to Attend C.U.M.U.N.

MILLBURY - Millbury High's Global Issues class will participate in the annual Clark University Model United Nations program (C.U.M.U.N.) from March 31 through April 2. Clark students have organized and will run the program.

The following students from Millbury High, along with their teacher, Roger Desrosiers, will participate: Bob Ayotte, Adam Griffith, Tamara Hoel, Jody Pye, Ryan Roach, Michael Tift, Bill Tuttle, and Jim Wackell.

The class has been studying and researching the history, government, economy, society, etc. of the Federal Republic of Germany (West Germany). As representatives of West Germany, this class, as well as other schools' representative nations, will discuss current issues including AIDS, chemical warfare, world debt, and terrorism.

During the past month, the students have been writing position papers on eight different issues. These position papers will be presented at C.U.M.U.N. as all participants work toward reaching some agreement on these vital issues. The students have been divided into four committees, each of which will deal with two issues. The committees are: the General Assembly, the Economic and Financial Committee, the Political and Security Committee, and the Social, Humanitarian, and Cultural Committee. During the committee meetings, the member nations represented will take their position papers and try to find agreement through working papers, which will hopefully lead to meaningful and acceptable resolutions. All committee meetings will follow parliamentary rules of procedure. This process will give the students a much greater hands-on understanding of the growing global interdependence and of the enormous difficulties of reaching worldwide consensus.

The class would like to thank the School Improvement Council for funding this program.

Sutton Historical Society

SUTTON - The Sutton Historical Society will meet on Tuesday, April 4, at 8 p.m. at the Manchaug Baptist Church for a business meeting and program.

The speaker for the evening will be Christie White, a lead interpreter for horticulture at Sturbridge Village. Her topic will be "Planning a 19th Century Garden," which will include the subject of common ornamentals with a history of herbal use.

Refreshments will be served, and the public is welcome to attend.

Friends Meeting

MILLBURY - The Friends of the Millbury Public Library will meet at 7:00 p.m. on April 6 in the Delia Chapin Torrey Room. The public is invited.

Assumption School Open House

MILLBURY - Sister Bernadette Sweeney, Principal, invites the public to an Open House at Assumption School on April 2, from 2-4 p.m. The Junior High School students will hold a bake sale in conjunction with the open house. The public is invited to view the classrooms and meet with the faculty.

Grace Laflash's 5th grade classroom will feature several displays: hats, hats, hats, multi-paper creations prepared for the observance of various celebrations: Leif Ericson Day, Columbus Day, Thanksgiving, Christmas, Millbury's 175th Anniversary Bash, St. Patrick's Day; the 200th Anniversary of George Washington's visit to Worcester: apples, pasta, pizza, popcorn and pretzels are featured in projects executed during the month of October; illustrations of the poem "Johnny Appleseed;" pasta art, rhyming pizza poems, popcorn people, and the history of the pretzel; George and George focuses on our first President, George Washington, who took the oath of office in 1789 and our 41st President, George Bush, who assumed the office in 1989.

Grade 6 students, under the supervision of their teacher, Sister Elizabeth Morin, have prepared reading projects, puppets, and profiles. As an extension of a social studies unit, castles were constructed and booklets were made in conjunction with the Voyage of the Mimi computer program. Art work and calligraphy papers will also be displayed.

Three-dimensional science posters and research papers can be viewed in Sister Marguerite Normand's 7th grade. They have also done book reports. There will be art work in various media: tissue paper art, clothes in art, pastel art, poster paint creations, and Mardi Gras masks.

With the 7th grade, Rita Comeau prepared newspapers during literature classes and diagrams and jigsaw puzzles of the Earth's atmosphere during social studies classes.

Her 8th graders' religion projects include classified ads for job opportunities, posters explaining the four marks of the church, and a modern version of the fourteen Stations of the Cross. The pupils have also kept journals detailing a family's migration during the gold rush of 1849, and there will be a creative bulletin board of Disney characters.

Dollars for Scholars Drive

MILLBURY - The annual Dollars for Scholars (DFS) Drive has begun in earnest. Your contribution, whether business or private, will enable Dollars for Scholars to assist Millbury students entering college, technical, or trade schools, and those already attending such institutions.

Your contribution may be sent to the following addresses: Dollars For Scholars, c/o Mrs. Lillian Stafinski, Box 361, Millbury, MA 01527; Mrs. Lillian Stafinski, Millbury National Bank, Elm Street, Millbury, MA 01527.

Volunteers are being sought to serve as DFS directors. Meetings are held monthly in the late winter and early spring months. The goal is to raise and distribute scholarships funds to Millbury students. If you are interested in joining, contact any of the following: John Marlborough (839-4526), William Spang (865-2504); Raymond Gemme (865-5843), Kathleen Bird (865-1580), or Lillian Stafinski (865-5811).

Library Grant to Launch Young Adult Reading Project

MILLBURY - In January, the Millbury Public Library received a $7,000 federal grant, administered by the Massachusetts Board of Library Commissioners, to launch its "Young Adult Independent Reading Project." The purpose of this project is to motivate children in grades five through eight to develop and improve their independent reading habits.

Throughout 1989, the library will be working towards fulfilling this goal by: 1. making available to young adults an appealing and up-to-date collection of fiction books, books on audio cassette, and language arts software; 2. developing a program of events and activities that will challenge and stimulate young adults to read for pleasure; and 3. educating parents about the need for young adults to read outside their school related texts.

Activities have already begun. In November and January, the library, with the help of the school department, launched its school-wide library registration campaign. Also in january, the library's first Youth Advisory Council was formed. This council, also known as YAC, is made up of a group of children from grades four and up. They meet regularly to help with programming and publicity, and provide volunteer assistance.

Starting in the month of March, you will find new titles hitting the hardcover and paperback fiction shelves for young adult readers. Young adults will enjoy many of their favorite romance series including Sweet Valley High and Sugar and Spice along with many notable and award winning titles. They'll also find their favorite teen magazines including "Hot Rod," "Seventeen," "16," and "Mad."

In April, look for the library's first baseball card swap. Young adults will be invited to make the best deals they can for their favorite and most sought after baseball cards.

Women's Bowling League

Gail Higginbottom rolled the high triple, a 304, with strings of 96-91-117. Second high was rolled by Pat Gaspar, a 297, with strings of 88-101-108; third high was rolled by Ann Kach, a 284, with strings of 92-101-92. Gail also rolled the high single, 117.

There were eight who rolled "100 and over:" Pat Gaspar, 108-101; Gail Higginbottom, 117; Bobbee Bernard, 103; Mary Jo Boire, 102; Alene Saxby, 102; Charlotte Gabree, 101; Ann Kach, 101; and Irma Healy, 100.

The league has only two more weeks left for the season and first place is too close to call.

Gauthier to Seek Re-election to Board of Selectmen

MILLBURY - Incumbent Donald J. Gauthier, 49, of 11 Woodland Street, has announced his candidacy for re-election to a three year seat on the Board of Selectmen in the Millbury annual Town election to be held on Tuesday, April 25.

Gauthier was elected as a sticker candidate in a three way race on December 6, 1983 to fill the remainder of a three year term left vacant by the resignation of Richard J. Dwinell; he was re-elected to a full 3 year term in 1986. He is currently the Clerk of the Board.

Gauthier has been employed by United Tool and Mfg. Co. in Millbury for 31 years and is a graduate of the former Worcester Boy's Trade School.

In announcing his candidacy, Gauthier said, "I believe that my experience and knowledge of town government will be an asset to the community by understanding the intricacies of running municipal government without jeopardizing programs currently in place, especially during this period of the State's financial instability. Some of these programs are the upgrading of our roads and sidewalks; the transfer station; the Route 146 & 20 and Mass Pike interchanges; the Charter Review and other proposals in process that have a tremendous impact on our community."

He has been a lifelong resident of the Town of Millbury and said he is very deeply concerned with issues that are brought to the board's attention in all facets relating to the elderly, the youth, the handicapped, as well as all members of the community.

Gauthier is a member of the Capital Budget Committee, Massachusetts Municipal Association, Worcester County Selectmen's Association, Blackstone Valley Selectmen's Association, Solid Waste Transfer Station Committee, Resource Recovery Advisory Committee and the Franco American Club.

He is a member of Our Lady of the Assumption Church and said he has served actively in the parish and its school. He has been a member of the Assumption School Tuition Committee for the past 11 years and served as chairman for 7 years. Gauthier is also a member of the parish Finance Committee and is Chairman of the Beano Committee. He is a past president and vice-president of the Assumption School Parent/Teacher Guild and was awarded the Mother Elizabeth Seton Award by former Bishop Bernard J. Flanagan for his efforts to foster Catholic Education in the Worcester Diocese.

Gauthier is also a former member of the Assumption Church Parish Council, former Cubmaster of Pack 108, which is sponsored by St. Brigid's Church in Millbury, a former coach and umpire for the Millbury Little League and a former member of the Millbury Housing Authority Citizen Advisory Committee.

He is married to the former Judith Griffin of Leicester. They have one son, two daughters and a grandson.

Pease Announces Candidacy for Re-election to School Committee

MILLBURY - Bruce D. Pease has announced his candidacy for re-election to a second term on the School Committee.

Pease lives at 407 West Main Street and is married to the former Leane Gravel. They have four children in the Millbury Public Schools: Scott, 17; Ross, 16; Kevin, 14; and Keiralyn, 12. Pease is a member of Our Lady of the Assumption Parish and is a former Marine. He coached Millbury Baseball for four years and Millbury Town League Soccer for 10 years. He has a Bachelor's and Master's in Education from Worcester State College and a Master's of Natural Science from Worcester Polytechnic Institute. He has been teaching Biology and Chemistry for 26 years. He said he has taught every level from junior high school through college, and every type of student from below average to advanced placement. He is a member of the American Chemical Society, the International Union of Pure and Applied Chemistry, the MTA, and the NEA. Pease said he has been twice nominated for the National Association of Biology Teachers Teacher of the Year Award and has been a nominee for Teacher of the Year Award for the Worcester Public Schools. He also said that he was a Horace Mann award winner in Worcester the first year of the program and is the co-author of the Worcester Public Schools' "Chemistry Lab Manual." Pease said that, as a result of his involvement with the School Committee, he has taken several courses in school administration and school law and is now about half way through a C.A.G.S. in administration and leadership.

In announcing his candidacy, Pease said, "In my first term, I feel that I have learned many lessons and am desirous of continuing to apply these lessons and to serve the education needs of the children of Millbury. During my first term, I have been instrumental in the adoption of several new policies designed to improve the system educationally. Included among these are the new Drug and Alcohol Policy, Marking Policy, Homework Policy, Systemwide Curriculum Articulation Policy, and the New Writing Policy. Additionally, I have been involved in the policy of increasing the High School's academic graduation requirements to ensure that the graduates of the Millbury Schools will be equipped to compete successfully anywhere after they leave the system."

Pease said that, since he has been on the School Committee, he has been actively involved in the Systemwide Curriculum re-organization that grew out of the first Statewide Assessment tests results. "This year," Pease said, "the changes made paid off as our scores increased over 100 points in almost every area and our methods of attacking the problem were written up as a State model.

"In the past three years," he continued, "we have seen some exciting and important changes occur in the Millbury School System. As a result of this, I feel that with my 26 years of teaching at all levels, my experience on the School Committee and my continuing commitment to maximum educational opportunities for all students that a vote for me is a vote for education.

"I ask for your support and votes on April 25 so that I can continue to work for education in Millbury."

Chizy To Seek Re-election in Sutton

SUTTON - Michael A. Chizy, 58, of 12 Marble Road, has announced his intention to seek re-election to a second three-year term on the Sutton Board of Selectmen in the April 29th town election.

Chizy has lived in Sutton for 33 years, and has long been active in the community. He served as President of Little League for two years and as Cubmaster of Cub Pack #143, also for two years. He was also active on the Solid Waste Commission, the Sutton Historical Commission, and served as Treasurer and Co-chair of the Conservation Commission. He is presently active on the Earth Removal Board, Worcester County Advisory Board, Blackstone Valley Selectmen's Association, and the Worcester County Deputy Sheriff's Association. He is a member of St. Mark's Church.

A four year Navy Veteran of the Korean War, Chizy is a 33-year member of Dudley Gendron Post 414 American Legion in Sutton.

Chizy said he is proud to be serving the people. "The most important accomplishments," he said, "have been greater communication between selectmen and all departments, the hiring of a professional manager, engineer, and planner to insure greater protection of our Community and more efficient use of tax dollars."

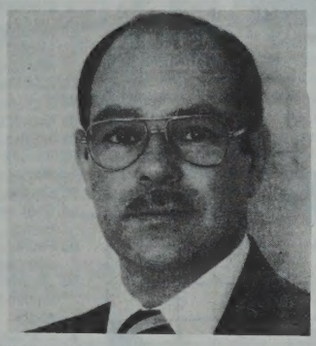
As Chairman of the Board of Selectmen, he sees full implementation of the Charter and utilization of zoning through proper planning of the land as key to the stabilization of the property tax rates.

"It is imperative that Sutton follow last year's example of balancing the budget," Chizy said, "to insure that available funds are used to provide better educational and municipal services, not to pay interest to banks because of unnecessary borrowing.

"As your Selectman," Chizy said, "I pledge to continue to do my very best to work in the best interest of all of Sutton's residents and to continue a policy of openness in government. The people's business should always be conducted at public meetings. I am proud of the fact that, as Chairman, this past year your board of Selectmen only went into executive session for contract negotiations."

Chizy is employed as General Superintendent at New England Plating Co. of Worcester, where he has worked for the past 33 years. He has been married for 38 years to the former Yvette Bardier of Grafton. They have one son, Michael.

Mason To Run for School Committee



MILLBURY - Oliver J. Mason Jr., 39, of 11 Hilltop Drive, has announced his candidacy for a three year seat on the School Committee in the April 25th annual town election. Mason, a lifelong resident of Millbury, holds a bachelor's degree in education from Fitchburg State College and a master's degree in education from Worcester State College. He taught science in Ayer for 10 years and is presently employed full time as an officer in the Massachusetts Army National Guard.

"Having previously served on the Millbury School Committee from 1982 to 1985," Mason said, "I have gained firsthand experience in the many issues and matters brought before the school committee. This includes addressing the financial pressures facing the school committee in the aftermath of Proposition 2 1/2."

He continued, "I can bring to the committee experience as a former committee member, an educator, a parent, and someone who is committed to providing the best educational opportunities for our students.

"Issues I am concerned about include the impact of the proposed state budget, the need for continued emphasis in special education programs, curriculum development, athletic programs, and basic skills assessment."

Mason said, if elected, he will work with the staff and school committee to maintain current programs and expand upon those areas requiring attention due to changing educational needs, while addressing future budget constraints.

Mason is a Little League coach and a member of the Devoe-Taylor American Legion Post Number 9. He is married to the former Jane Lucas. They have two children attending the Millbury Public schools.

Candidates, Please Note...

The deadline for submitting candidate announcements for publication in the Millbury-Sutton Chronicle for the April 25 Millbury Town election is 12:00 p.m. Saturday, April 1, 1989. No Millbury candidate announcements will be published after the April 6 edition.

The deadline for submitting candidate announcements for the April 29 Sutton Town election is 12:00 p.m. Saturday, April 8, 1989. No announcements will be published after the April 13 edition for Sutton candidates.

Recognition Evening

WORCESTER - The Child Care Connection and the National Council of Jewish Women will sponsor an evening reception to honor licensed family day care providers on April 4, from 6-10 p.m. at the Yankee Drummer Inn in Auburn. The event will include dinner, music and a speaker.

The event is open to all licensed family day care providers in the Child Care Connection service area. Pre-registration is necessary. Call Sonia Patota at 757-3880 for information and registration.

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Jumping baby goats and saving jar tops?
   ____ ____ and ____ ____
2. Harvesting & husking and peeking & staggering?
   ____ & ____ and ____ & ____
3. Twitching legs and chuckling jellies?
   ____ ____ and ____ ____
4. An exertion on the dorsal area and a cerebrum on the heap?
   A ____ on the ____ and a ____ on the ____

ANSWERS: 1. Leaping kids and keeping lids. 2. Reaping & peeling and peeping & reeling. 3. Jiggling gams and giggling jams. 4. A strain on the back and a brain on the stack.

81-11

EVERYTHING YOU DIDN'T WANT TO KNOW ABOUT AIDS. BUT SHOULD.

To start with, you don't have to be gay or a drug user to get it. AIDS has hit these two groups hardest because the AIDS virus hit them first, before anyone knew why or how people should protect themselves from it.

And the virus is spreading. Scientists report that about one and a half million people are already infected.

You can't tell who has it and who doesn't. Most people who have the AIDS virus don't even know it. They don't look or feel sick. It can take up to ten years for symptoms to show up. So people who seem perfectly healthy can pass the virus on to others.

HOW IS IT PASSED ON? One way is shooting up drugs with someone who's infected and sharing the needle. But most people catch the AIDS virus **THROUGH SEX.** A woman can catch it from a man. A man can catch it from a woman. A man can catch it from a man.

Obviously, the surest way to avoid the virus is to avoid sex. If you do have sex, **YOUR BEST PROTECTION IS A LATEX CONDOM** with spermicide. Use them every time, from start to finish, according to the manufacturers' directions.

You can ignore these precautions only if you and your partner have been together for at least 10 years, and both of you have been totally faithful.

Otherwise, **DON'T MAKE ANY EXCEPTIONS.**

Because the one time you do can be the one time you shouldn't have.

HELP STOP AIDS. USE A CONDOM.

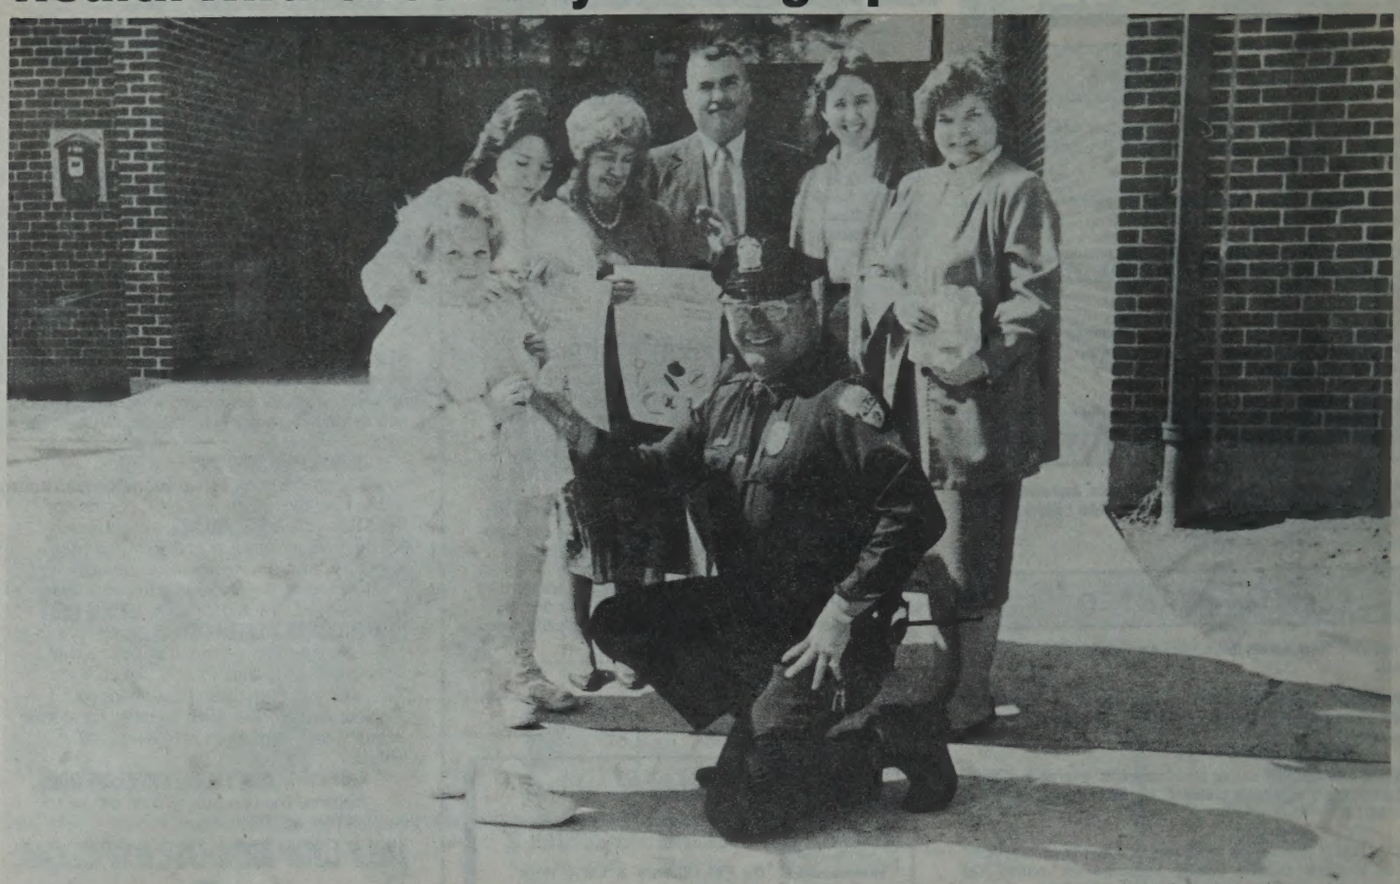
Health Awareness Day Coming April 15th



(l-r) Middle School poster contest winners Kerry Nason, Michele Leary, Art teacher Kathy Williams, Middle School Principal Francis Rogers, Ellen Thompson, Regional Coordinator of the Massachusetts Department of Public Health's Division of Adult & Elderly Health Promotion, Ann Campbell, representing the District Nursing Society, and Fred Vulter (kneeling), representing the Millbury Lions Club.

MILLBURY - The Millbury Lions Club and District Nursing Society, in collaboration with the Massachusetts Department of Public Health (MDPH), will sponsor a Health Awareness Day on Saturday, April 15, from 10 a.m. to 3 p.m. at the Charles F. Minney VFW Post on South Main Street.

A poster contest for pupils at the Raymond E. Shaw Middle School was held recently to promote the Health Awareness Day. The following winners were awarded $20 each: Michele Leary, Grade 7; Kerry Nason, Grade 5; and Melissa Murphy, Grade 6. Melissa was absent on the day the photo was taken.

All members of the Millbury community are invited to attend the Health Awareness Day and participate in a variety of free health education activities and screenings. Events include free health screening for cholesterol, high blood pressure, blood sugar, hearing, visual acuity, diabetic eye disease for known diabetics, glaucoma, lead, oral cancer, colon cancer, and height and weight. Cooking demonstrations will also be presented along with health information and literature on nutrition, exercise, dental hygiene, immunization, AIDS, breast and testicular cancer, drugs and alcohol, as well as smoking and how to quit.

To participate in the cholesterol and/or diabetic eye screening, individuals must call Yvonne at 865-4373 or 865-3561, Monday through Friday, between 8:00 a.m. and 4:00 p.m. to schedule appointments, which will be made on a "first call," "first serve" basis. All other screening will be offered on a walk-in basis.

Join in this Spring event to invest in your own good health. Know your numbers and what you can do about them!

Share Our Success!

...with Low-Cost Car Loans from MCU!

The Millbury Credit Union offers low rates on both New and Used Car Loans...good loans for the vehicles *you* want, with low rates available year-round.

At MCU, you can choose from a variety of options...the amount and term of the loan, with life and health insurance, if you wish.

Don't be mislead by those "low, low rates" offered by some car dealers...rates which are often inflated by such hidden factors as sticker price, trade-in value, and "dealer participation".

Make the best deal you can...and then visit the Millbury Credit Union!
